The angel on the earth makes our life a wonderful experience all together. Imagining life without a woman is quite hard-hitting. This angel shakes the cradle with one hand the earth with the other hand. The fact that all the great people of the world are born from the womb of a woman and it is a woman from whom those great people have taken their initial teachings. And that is the reason we have always emphasized upon giving the due respect to women in their life. And that is why women's day is celebrated with so much of zeal and it has spread throughout the world.
