Department of Education
Programme Specific Outcomes (PSO)
(B.Ed.)

- PSO1- To demonstrate an understanding of the concepts, theories, nature, scope, principles, and procedures of selected areas of study in Education.
- PSO2- To prepare/implement/apply/select and analyze the educational problems and provide realistic and relevant solutions attained through the knowledge and skill of the program.
- PSO3- To develop skills in analyzing different statistical measures, interpreting results and interpretation of data through the graph and statistical techniques.
- PSO4- To develop a positive self-concept, confidence and an optimistic attitude towards life.
- PSO5- To demonstrate the ability to make objective decisions in educational management.
- PSO6- To Analyze the various problems faced by the mentally and physically handicapped children.
- PSO7- To perform investigative research and develop skills of report writing and conducting project work in the field of education.

M.A Education Classroom

Department of Education
Programme Specific Outcomes (PSOs)

M.A Education

- PSO1: To build perspective and understanding of concepts, theories, ideas and practices in Education.
- PSO2: To develop reflective and analytical skills and understanding of critical issues in Education.
- PSO3: To understand different facts of Educational policies and practices.
- PSO4: To build research skills, data analysis abilities and capacity to visualize, conduct and present research.
- PSO5: To provide research-related experiences.
- PSO6: To enable rich understanding and a critical perspective about specialized areas of Education like ICT & Education, Inclusion and Diversity, Social Science Education, Science Education, etc.
- PSO7: To provide learning experiences, which will enable students to understand and appreciate the knowledge structure paradigms of Education.
- PSO8: To develop professionals for effective participation in educational actions in different areas of education.
- PSO9: To create a community of scholars adequately equipped for participation in Educational discourses.

Mathematical Sciences
Courses (PSON)
MATICS
(Mathematics)
Understanding of core areas
such as Real and
Complex Analysis, Abstract
Algebra, Differential Equations,
Probability and Statistics,
Numerical Analysis, ODE
and PDE, and wavelets.
Graph theory,
Combinatorics, etc.
Knowledge of applications of
Mathematics in
Engineering and Technology,
Physics, etc.
Understanding of the methodology
of solving real-life problems.
Critical and analytical
thinking skills in students.
Communication skills of students.
Employability
of students that
will enhance their
employability.
Students with adequate
knowledge of technical software MATLAB.

Our Core Values

- Excellence
- Social Responsibility
- Inclusiveness
- Ethics
- Integrity
- Accountability

Department of Microbiology Program Outcomes (POs)

M. Sc. Microbiology

- PO1:** To acquire the basic knowledge of the subject for advancement in the field.
- PO2:** To have a deeper understanding of the subject to address societal and scientific issues.
- PO3:** To develop scientific temperament among the students for research and development in respective areas.
- PO4:** To develop critical thinking among students, enabling them to solve problems by applying reasoning and technical inputs.
- PO5:** Emergence of new ideas based on acquired knowledge and critical thinking.
- PO6:** To recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
- PO7:** To develop leadership abilities among the students for making them self-reliant.

Department of Microbiology Program Specific Outcomes (PSOs)

M. Sc. Microbiology

- PSO1:** To refurbish the basics of Physics, Chemistry, Biology, Computers, and Biostatistics for a better understanding of the syllabus.
- PSO2:** To develop a general understanding of various microbes, mainly bacteria, their growth, and control.
- PSO3:** To develop an understanding about viruses, fungi, and protozoa.
- PSO4:** To develop an understanding about various techniques employed in studying and manipulating microbes.
- PSO5:** To develop an understanding in the area of Cell Biology (glance of cell structure, function, cell cycle, and cell signaling).
- PSO6:** To develop an understanding about various biomolecules.
- PSO7:** To develop an understanding in the area of Molecular Biology and Microbial Genetics (glance gene structure, replication, transcription, translation, regulation of gene expression, genetic variation and inheritance).
- PSO8:** To develop an understanding of the diversity of the microbial world.
- PSO9:** To develop an understanding of the biological catalysts, enzymes, and cellular metabolism.
- PSO10:** To develop scientific oratory skills through seminars, presentations.
- PSO11:** To develop the understanding of the Immune System, an essential component of host-microbe relation.
- PSO12:** To develop an understanding about the microbial ecology, the role of microbes in the environment and pollution.
- PSO13:** To develop an understanding about the role of microbes in the development of food and dairy products as well as their spoilage.
- PSO14:** To develop an understanding of fermentation technology utilizing various microbes for the production of alcohol, antibiotics, and other organic compounds.
- PSO15:** Development of understanding about the role of microbes in causing infectious and diseases in humans.
- PSO16:** Development of understanding about the role of microbes in agriculture, including nutrient recycling, plant diseases and storage of agricultural products.
- PSO17:** Acquisition of hands-on training through Research Project Dissertation.

School of Islamic Studies & Languages
Programme Specific Outcomes (PSOs)
(Islamic Studies)

- PSO1: To have a clear concept of Islamic teachings contained in Holy Books and the right approaches to their interpretation.
- PSO2: To make students familiar with the issues of Islam & challenges to modern world.
- PSO3: To encourage and prepare students to face and respond to the new questions raised in contemporary thinking.
- PSO4: To equip students with necessary judgement, knowledge and correct methodology to respond to socio-political, cultural & scientific developments.
- PSO5: Islamic law always been open to progressive interests of the time in all ages and the values of contemporary civilization like democracy, human rights, ethics, and gender studies have not only been adopted but enriched (improved) with Islamic values to replace the outlook of the modernistic, secular world view.
