Report for Personal Counselling

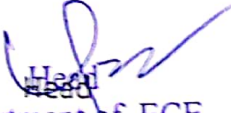

The Department of Electronics and Communication Engineering arranged Personal Counselling classes for students keeping in view the circumstances faced by each student. The circumstances of students were identified by the department and accordingly counselling was provided to them.

The response of the counselling was seen to be very good and students were strengthened to overcome such issues. The issues included personal, academic and financial problems faced by students. Thirty students participated in the academic year 2013-14.

Mr. Vishal Puri conducting personal counselling, dated 14/03/2014

Attached with this report is the list of students who have taken the counselling.

Personal Counseling Report

(2013-14)

During the year, 2013-14, personal counselling was successfully conducted in different sessions by the Department of Computer Science and Engineering, BGSBU, Rajouri, in which 20 students participated. The various sessions were conducted by Mr. Khalil Ahmed, Mr. Amit Dogra and Mrs. Rukhsana Thakur, internal faculties of the department. The purpose of the counselling is to aware the students related to important aspects like, drug addiction, social responsibilities, gender equality, and future career. The internal faculties encourage environmental changes in student's community that promote recovery such as reducing the number of alcoholic beverages and holding alcohol-free recreational events. Moreover, faculties also emphasis on social responsibilities of students in building nation. Social and cultural factors play an important role in initiation, maintenance and therapeutic intervention of drug-abuse. In addition to that, student career guidance with the help of professionals can help them to target right career path. The students really appreciated the guidance provided by the different faculties of the department in improving their way of thinking and vision related to their future.

Notice

It is for the information of all B.Tech students of Department of Information Technology and Engineering (ITE) that Personal counselling sessions will be conducted. The main objective of the said sessions are to encourage the students for achieving their goal successfully. The Sessions will be held on 21/Sept/2013 in the laboratory block of ITE at 12:00 - 4:30 PM.

Mr Nikhil Gupta will coordinate the sessions and all faculty of the department will be available to the students for the personal sessions.

EVENT REPORT: Personal Counselling Sessions on 21/sept/2013

Personal counselling helps individuals to better understand the specific concern they are experiencing, identify their strengths and to determine the directions they need to take in order to address the concern. With this goal department of Information Technology and Engineering held a personal counselling session for all students of the department.

The Sessions coordinated by Mr Nikhil Gupta on 21/sept/2013. The event started at 12:00 noon with talk on how to deal with personal issues in day to day life by Mr Malik Mubasher Hassan. After that student consulted various faculties of the department for personal sessions. The common issues discussed by students were depression/depressed mood, anxiety, interpersonal/relationship difficulties, difficulties in self-esteem and/or identity, stress, adjustment/transition, grief and loss, past or current emotional problems, balancing professional and personal priorities, loneliness and homesickness.

Twenty five (25) students participated in the personal session during the event.

Personal Counseling Report: 2013-14 Academic Year

Guidance is a term sometimes used broadly to refer to advising or helping an individual with any kind of educational, vocational or personal problems.

One important teacher role inside and outside the classroom is to provide guidance and counselling to students. Personal counseling provides an opportunity to explore your concerns in a supportive and non-judgmental environment. Apart from subject teaching, teachers are entrusted with many responsibilities nowadays. Guidance and counseling are some of their major duties. In the guidance and counseling literature, these two words generally take on different meanings. The former refers to helping students' whole-person development, while the latter is frequently targeted at helping students with problems. Career guidance consists of services that help people successfully manage their career development. The goal of counseling is to enable the individual to make critical decisions regarding alternative courses of action without outside influence. Counseling helps individuals obtain information, and to clarify emotional concerns that may interfere with or be related to the decisions involved.

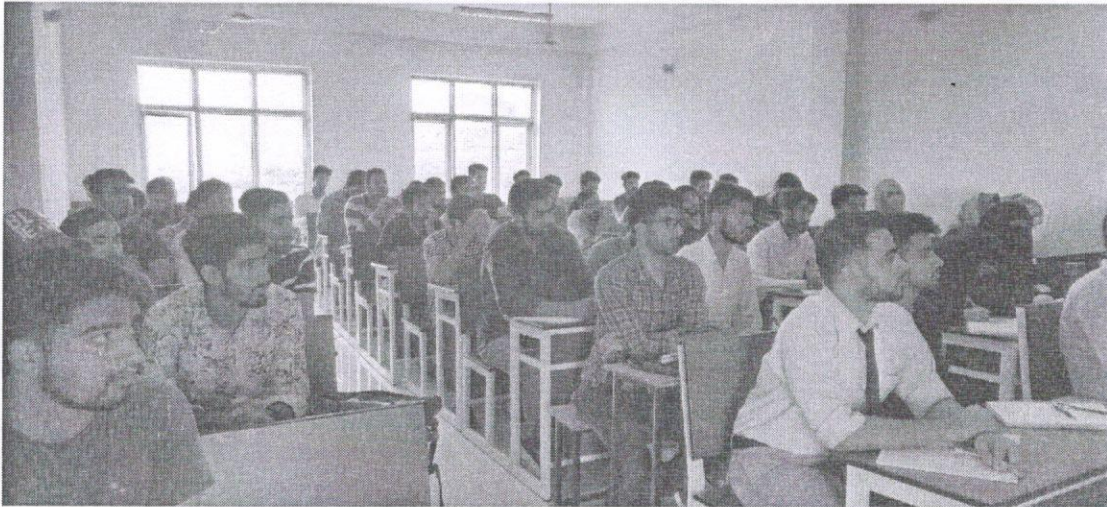

In general, the goal of psychotherapy is to talk through mental health concerns and help clients heal, grow and move toward more productive, psychologically healthy lives. Skills of warmth, friendliness, openness and empathy are ingredients of successful counseling process. Counselor has to listen attentively, answer question objectively and reinforce important information. Maintaining dignity of individual as individual is primary concern in counseling.

The Civil Engineering department of School of Engineering & Technology, BGSB University is always aware of the students' issues. Caring of students problems, making mentally strong for future endeavours are equally emphasized with the academics. Students undergoes a three week Induction Program at the beginning of their course, so that they can easily adjust with the BGSBU community and its environment. **Mr. Zishan Aslam** has taken the charge of counselor for

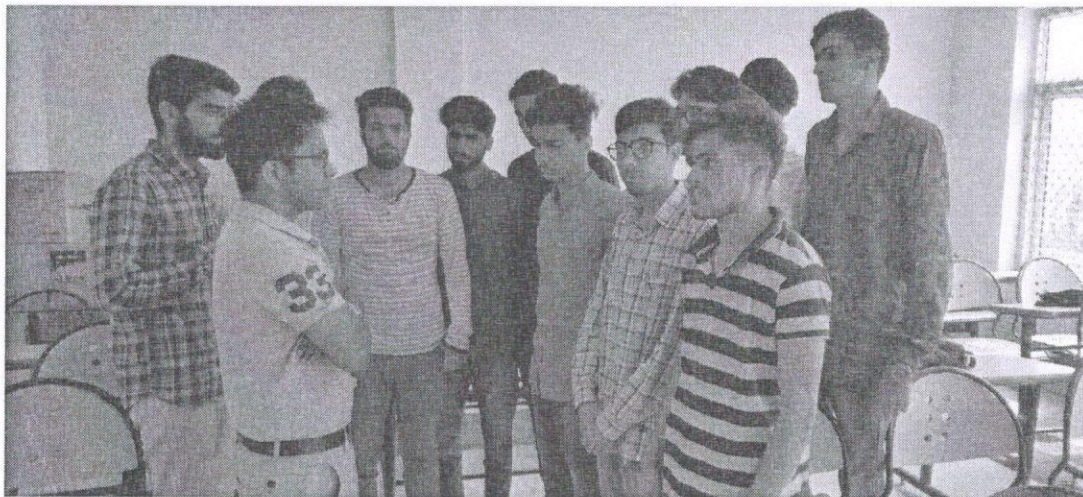

the academic year 2013-14. Total 35 students have been identified for special attention in this year. We provide personal counseling for individuals or couples to help with problems such as:

- Depression & Sadness.
- Anxiety & Stress Management.
- Fears & Phobias.
- Eating Disorder Treatment
- Loneliness and isolation
- Addictive behaviors
- Sexuality and sexual identity
- Motivation
- Homesickness

Some photos has been attached counseling with students

Date- 13th August 2013 interacting with students

Date: 25th October 2013 personal counseling with group of students

After all, our aim is to provide an opportunity to work towards living more satisfyingly and resourcefully. Counseling is the skilled and principled use of relationship to facilitate self-knowledge and the optimal development of personal resources

Respected Sir,

During odd semester (session 2013-14) Faculty members of ERE department have analyzed the response of students in classrooms while delivering lectures and results of internal assessments tests being conducted during the current semester courses and also have identified the students who require special attention for enhancing their personality, tackling personal issues and improving academic performances. After completion of identification process different faculty members were allotted to different group of students who would provide personal counseling to these students.

Sessions were organized by faculty members for these students where they provided extra notes to the weak students. In these sessions faculty members provided personnel counseling and gave motivational lectures students. A change in self-confidence and attitude of the students attending those sessions was observed in the subsequent lectures. A significant improvement in curricular and extracurricular activity of the students was a direct result of these sessions.

Report for Personal Counselling

The Department of Electronics and Communication Engineering arranged Personal Counselling classes for students keeping in view the circumstances faced by each student. The circumstances of students were identified by the department and accordingly counselling was provided to them.

The response of the counselling was seen to be very good and students were strengthened to overcome such issues. The issues included personal, academic and financial problems faced by students. Thirty students participated in the academic year 2014-15.

Personal Counselling Report

(2014-15)

The department of Computer Science and Engineering has successfully provided the personal counselling during the year, 2014-15, on different aspects of day- to-day life, in which 35 students of CSE participated. The various sessions were conducted by Mr. Khalil Ahmed, Mr. Amit Dogra, Mr. Taseem Nazir, Mrs. Jasleen Kour, Mrs. Rukhsana Thakur, internal faculties of the department. The purpose of the counselling is to aware the students related to important aspects like, drug addiction, social responsibilities, women empowerment, secularism, and future career. The faculties encourage environmental changes in student's community that promote recovery such as reducing the number of alcoholic beverages and holding alcohol-free recreational events. Moreover, faculties also emphasis on social responsibilities of students in building nation. Social and cultural factors play an important role in initiation, maintenance and therapeutic intervention of drug-abuse. In addition to that, student career guidance with the help of professionals can help them to target right career path. The students really appreciated the guidance provided by the different faculties of the department in improving their way of thinking and vision related to their future.

EVENT REPORT: Personal Counselling Sessions on 04/August/2014.

Personal counselling helps individuals to better understand the specific concern they are experiencing, identify their strengths and to determine the directions they need to take in order to address the concern. With this goal department of Information Technology and Engineering held a personal counselling session for all students of the department.

The Sessions coordinated by Mr Manmeet Singh on 04/August/2014. The event started at 01:00 PM with talk on common Anxiety and Depression Issues by Mr Malik Mubasher Hassan. After that student consulted various faculties of the department for personal sessions.

The common issues discussed by students were depression/depressed mood, anxiety, balancing professional and personal priorities, loneliness and homesickness, family issues, attention and concentration difficulties, disordered eating habits, problems with sleep, physical health issues, anger, acute concern on behalf of another student.

Forty (40) students participated in the personal session during the event.

Personal Counseling Report: 2014-15 Academic Year

Problems, worries and concerns are part of everyone's life from time to time. Personal counseling can help you to understand and confront the challenges you face. Personal counseling provides an opportunity to explore your concerns in a supportive and non-judgmental environment.

In general, the goal of psychotherapy is to talk through mental health concerns and help clients heal, grow and move toward more productive, psychologically healthy lives. Skills of warmth, friendliness, openness and empathy are ingredients of successful counseling process. Counselor has to listen attentively, answer question objectively and reinforce important information. Maintaining dignity of individual as individual is primary concern in counseling.

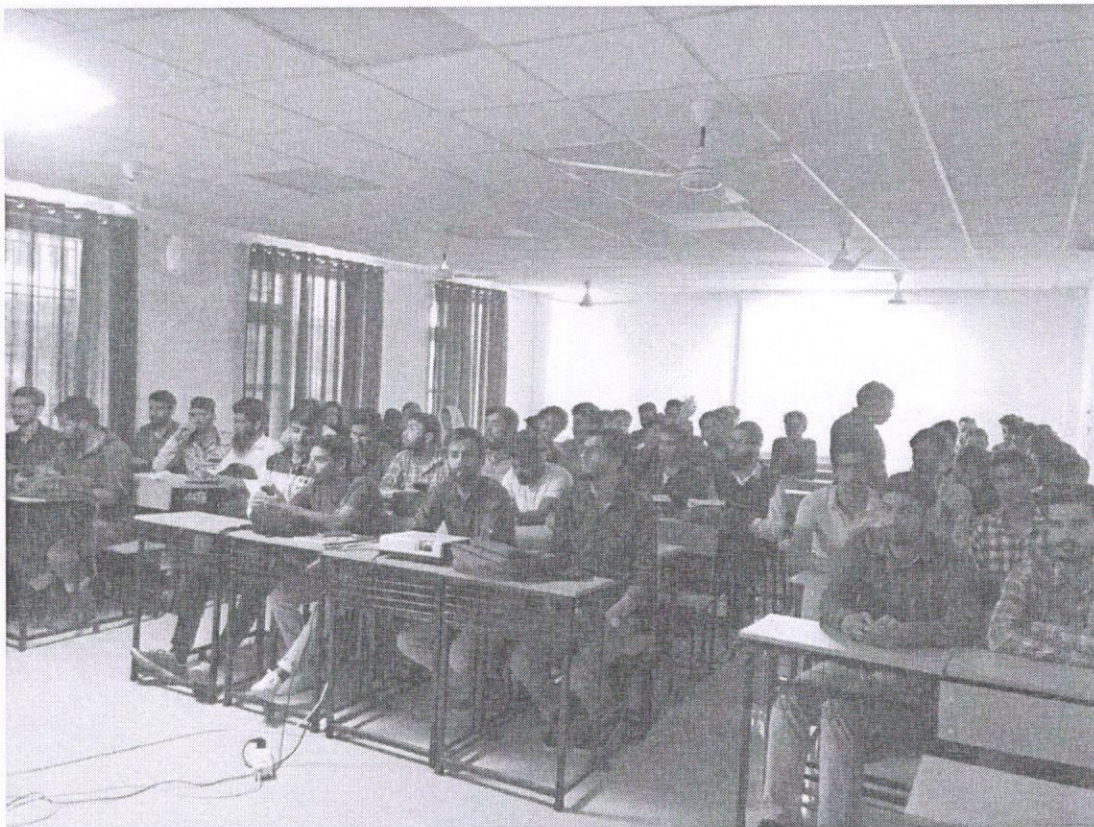

The goal of counseling is to enable the individual to make critical decisions regarding alternative courses of action without outside influence. Counseling helps individuals obtain information, and to clarify emotional concerns that may interfere with or be related to the decisions involved.

The Civil Engineering department of School of Engineering & Technology, BGSB University is always aware of the students' issues. Caring of students problems, making mentally strong for future endeavours are equally emphasized with the academics. Students undergoes a three week Induction Program at the beginning of their course, so that they can easily adjust with the BGSBU community and its environment. A faculty and a senior student are engaged as mentor for every 20 students at their first year though an overall counselor is engaged for a batch. **Mr. Vaseem Ahmad Shehnaz**, HoD has taken the charge of counselor for the academic year 2014-15. Total 36 students have been identified for special attention in this year. We provide personal counseling for individuals or couples to help with problems such as:

- Anxiety
- Relationship issues
- Loneliness and isolation
- Addictive behaviors
- Sexuality and sexual identity
- Eating and body image problems
- Homesickness and difficulty adjusting to the university

After all, our aim is to provide an opportunity to work towards living more satisfyingly and resourcefully. Counseling is the skilled and principled use of relationship to facilitate self-knowledge and the optimal development of personal resources.

Sub: - Report of personnel Counseling

Respected Sir,

During odd semester (session 2014-15) Faculty members of ERE department have analyzed the response of students in classrooms while delivering lectures and results of internal assessments tests being conducted during the current semester courses and also have identified the students who require special attention for enhancing their personality, tackling personal issues and improving academic performances. After completion of identification process different faculty members were allotted to different group of students who would provide personal counseling to these students.

List of students along with allotted faculty member against Personal Counseling:

Sessions were organized by faculty members for these students where they provided extra notes to the weak students. In these sessions faculty members provided personnel counseling and gave motivational lectures students. A change in self-confidence and attitude of the students attending those sessions was observed in the subsequent lectures. A significant improvement in curricular and extracurricular activity of the students was a direct result of these sessions.

Report for Personal Counselling

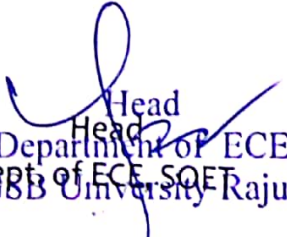

The Department of Electronics and Communication Engineering arranged Personal Counselling classes for students keeping in view the circumstances faced by each student. The circumstances of students were identified by the department and accordingly counselling was provided to them.

The response of the counselling was seen to be very good and students were strengthened to overcome such issues. The issues included personal, academic and financial problems faced by students. Sixty students participated in the academic year 2015-16.

Mrs Shaveta Puri conducting personal counselling, dated 10/03/2016

Personal Counselling Report

(2015-16)

During the year, 2015-16, personal counselling was successfully conducted in different sessions by the Department of Computer Science and Engineering, BGSBU, Rajouri, in which 40 students participated. The various sessions were conducted by Mr. Khalil Ahmed, Mr. Amit Dogra, Mr. Taseem Nazir, Mrs. Jasleen Kour, Mrs. Rukhsana Thakur, internal faculties of the department. The purpose of the counselling is to aware the students related to important aspects like, drugs, social responsibilities, child labour, health and hygiene, and future career. The faculties encourage environmental changes in student's community that promote recovery such as reducing the number of alcoholic beverages and holding alcohol-free recreational events. Moreover, faculties also emphasis on social responsibilities of students in building nation. Social and cultural factors play an important role in initiation, maintenance and therapeutic intervention of drug-abuse. In addition to that, student career guidance with the help of professionals can help them to target right career path. The students really appreciated the guidance provided by the different faculties of the department in improving their way of thinking and vision related to their future.

EVENT REPORT: Personal Counselling Sessions on 04/Nov/2015

Personal counselling helps individuals to better understand the specific concern they are experiencing, identify their strengths and to determine the directions they need to take in order to address the concern. With this goal department of Information Technology and Engineering held a personal counselling session for all students of the department.

The Sessions coordinated by Mr Malik Mubasher Hassan on 04/Nov/2015. The event started 12:00 noon with talk on Personal Problems faced by students and the solution by Mr Nikhil Gupta. After that student consulted various faculties of the department for personal sessions. The common issues discussed by students were interpersonal/relationship difficulties, difficulties in self-esteem and/or identity, balancing professional and personal priorities, loneliness and homesickness, family issues, attention and concentration difficulties, disordered eating habits, problems with sleep, depression/anxiety, physical health issues.

Twenty (20) students participated in the personal session during the event.

Personal Counseling Report: 2015-16 Academic Year

Guidance is a term sometimes used broadly to refer to advising or helping an individual with any kind of educational, vocational or personal problems.

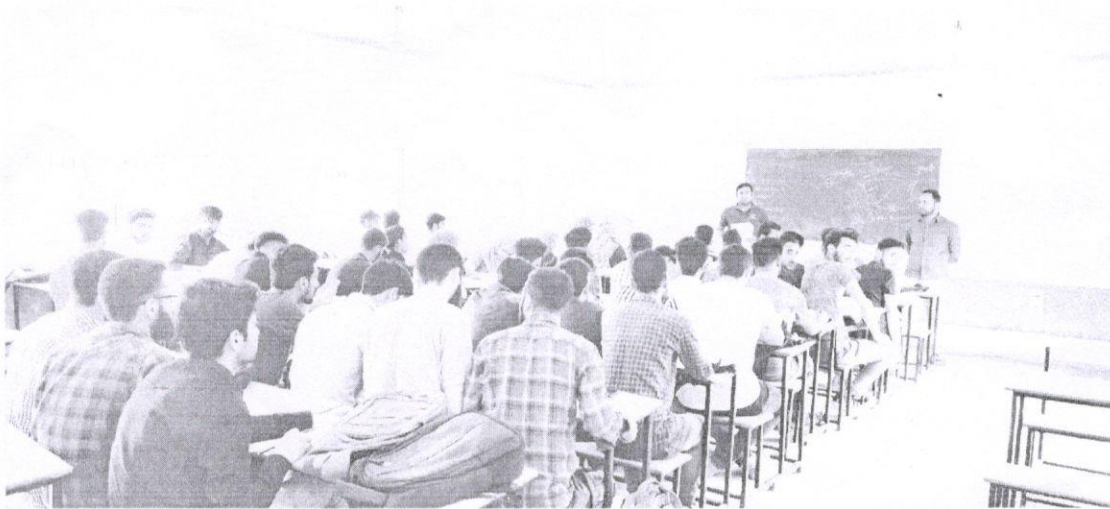

One important teacher role inside and outside the classroom is to provide guidance and counselling to students. Personal counseling provides an opportunity to explore your concerns in a supportive and non-judgmental environment. Apart from subject teaching, teachers are entrusted with many responsibilities nowadays. Guidance and counseling are some of their major duties. In the guidance and counseling literature, these two words generally take on different meanings. The former refers to helping students' whole-person development, while the latter is frequently targeted at helping students with problems. Career guidance consists of services that help people successfully manage their career development. The goal of counseling is to enable the individual to make critical decisions regarding alternative courses of action without outside influence. Counseling helps individuals obtain information, and to clarify emotional concerns that may interfere with or be related to the decisions involved.

In general, the goal of psychotherapy is to talk through mental health concerns and help clients heal, grow and move toward more productive, psychologically healthy lives. Skills of warmth, friendliness, openness and empathy are ingredients of successful counseling process. Counselor has to listen attentively, answer question objectively and reinforce important information. Maintaining dignity of individual as individual is primary concern in counseling.

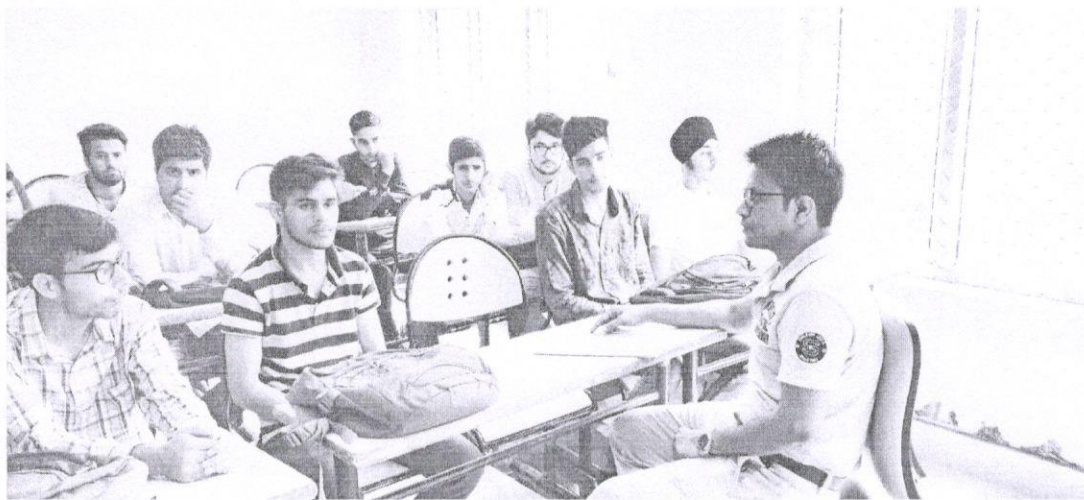

The Civil Engineering department of School of Engineering & Technology, BGSB University is always aware of the students' issues. Caring of students problems, making mentally strong for future endeavours are equally emphasized with the academics. Students undergoes a three week Induction Program at the beginning of their course, so that they can easily adjust with the BGSBU community and its environment. **Mr. Zishan Aslam** has taken the charge of counselor for the academic year 2015-16. The 30 students have been identified for special attention in this year. We provide personal counseling for individuals or couples to help with problems such as:

- Depression & Sadness.
- Anxiety & Stress Management.
- Fears & Phobias.
- Eating Disorder Treatment
- Loneliness and isolation
- Addictive behaviors
- Sexuality and sexual identity
- Motivation
- Homesickness

A photo has been attached of counseling time

Date: 14th October 2015, interaction time with student

Date: 15th January, 2016 : Discussion time with students.

Sub: - Report of personnel Counseling

Respected Sir,

During odd semester (session 2015-16) Faculty members of ERE department have analysed the response of students in classrooms while delivering lectures and results of internal assessments tests being conducted during the current semester courses and also have identified the students who require special attention for enhancing their personality, tackling personal issues and improving academic performances. After completion of identification process different faculty members were allotted to different group of students who would provide personal counselling to these students.

List of students along with allotted faculty member against Personal Counselling:

Sessions were organized by faculty members for these students where they provided extra notes to the weak students. In these sessions faculty members provided personnel counselling and gave motivational lectures students. A change in self-confidence and attitude of the students attending those sessions was observed in the subsequent lectures. A significant improvement in curricular and extracurricular activity of the students was a direct result of these sessions.

Report for Personal Counselling

The Department of Electronics and Communication Engineering arranged Personal Counselling classes for students keeping in view the circumstances faced by each student. The circumstances of students were identified by the department and accordingly counselling was provided to them.

The response of the counselling was seen to be very good and students were strengthened to overcome such issues. The issues included personal, academic and financial problems faced by students. Eighty Five students participated in the academic year 2016-17.

Attached with this report is the list of students who have taken the counselling.

Personal Counselling Report

(2016-17)

The department of Computer Science and Engineering has successfully provided the personal counselling during the year, 2016-17, on different aspects of day- to-day life, in which 16 students of CSE participated. The various sessions were conducted by Mr. Khalil Ahmed, Mr. Amit Dogra, Mr. Taseem Nazir, and Mrs. Rukhsana Thakur, internal faculties of the department. The purpose of the counselling is too aware the students related to important aspects like, drug addiction, social responsibilities, child labour, gender equality, and future career. The faculties encourage environmental changes in student's community that promote recovery such as reducing the number of alcoholic beverages and holding alcohol-free recreational events. Moreover, faculties also emphasis on social responsibilities of students in building nation. Social and cultural factors play an important role in initiation, maintenance and therapeutic intervention of drug-abuse. In addition to that, student career guidance with the help of professionals can help them to target right career path. The students really appreciated the guidance provided by the different faculties of the department in improving their way of thinking and vision related to their future.

EVENT REPORT: Personal Counselling Sessions on 21/Feb/2017

Personal counselling helps individuals to better understand the specific concern they are experiencing, identify their strengths and to determine the directions they need to take in order to address the concern. With this goal department of Information Technology and Engineering held a personal counselling session for all students of the department.

The Sessions coordinated by Mr Nikhil Gupta on 21/Feb/2017. The event started 12:00 noon with talk on Stress and anxiety: How to deal by Mr. Malik Mubasher Hassan. After that student consulted various faculties of the department for personal sessions. The common issues discussed by students were difficulties in self-esteem and/or identity, stress, anger, family issues, physical health issues, personal loss, interpersonal difficulties, emotional problems, balancing professional and personal priorities, depression/depressed mood, anxiety , adjustment/transition, homesickness, attention difficulties, disordered eating habits, problems with sleep.

Thirty (30) students participated in the personal session during the event.

Personal Counseling Report: 2016-17 Academic Year

Frustrations are part of everyone's life from time to time. Personal counseling can help you to understand and confront the challenges you face. Personal counseling provides an opportunity to explore your concerns in a supportive and non-judgmental environment.

Psychotherapy concerns mental health and help clients heal, grow and move toward more productive, psychologically healthy lives. Skills of warmth, friendliness, openness and empathy are ingredients of successful counseling process. Counselor has to listen attentively, answer question objectively and reinforce important information. Maintaining dignity of individual as individual is primary concern in counseling.

The goal of counseling is to enable the individual to make critical decisions regarding alternative courses of action without outside influence. Counseling helps individuals obtain information, and to clarify emotional concerns that may interfere with or be related to the decisions involved.

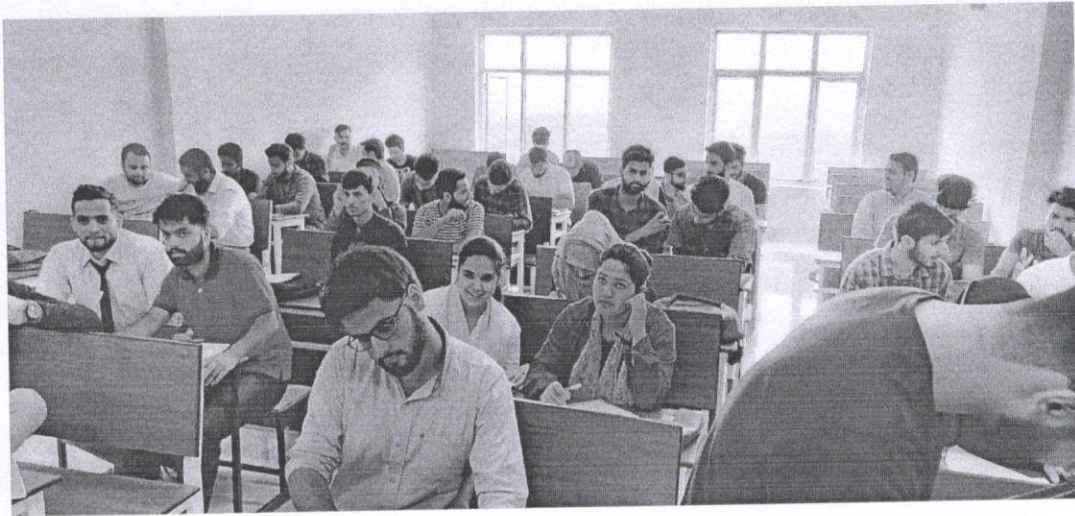

The Civil Engineering department of School of Engineering & Technology, BGSB University is always aware of the students' issues. Caring of students problems, making mentally strong for future endeavours are equally emphasized with the academics. Students undergoes a three week Induction Program at the beginning of their course, so that they can easily adjust with the BGSBU community and its environment. A faculty and a senior student is engaged as mentor for every 20 students at their first year though an overall counselor is engaged for a batch. **Mr. Pervez Alam**, a senior faculty has been engaged as counselor for the academic year 2016-17. Total 100 students have been identified for special attention in this academic year. We provide personal counseling for individuals or couples to help with problems such as:

- Anxiety
 - Relationship issues
- 

- Sexuality and sexual identity
- Eating and body image problems
- Homesickness and difficulty adjusting to the university

After all, our aim is to provide an opportunity to work towards living more satisfyingly and resourcefully. Counseling is the skilled and principled use of relationship to facilitate self-knowledge and the optimal development of personal resources.

Some photos have been attached of consulting moments with students--

Date: 14th August 2016, during Personal counseling time

Date: 12th January 2017, during personal interaction time

Rajouri,

Sub: - Report of personnel Counseling

Respected Sir,

During odd semester (session 2016-17) Faculty members of ERE department have analysed the response of students in classrooms while delivering lectures and results of internal assessments tests being conducted during the current semester courses and also have identified the students who require special attention for enhancing their personality, tackling personal issues and improving academic performances. After completion of identification process different faculty members were allotted to different group of students who would provide personal counselling to these students.

List of students along with allotted faculty member against Personal Counseling:

Sessions were organized by faculty members for these students where they provided extra notes to the weak students. In these sessions faculty members provided personnel counseling and gave motivational lectures students. A change in self-confidence and attitude of the students attending those sessions was observed in the subsequent lectures. A significant improvement in curricular and extracurricular activity of the students was a direct result of these sessions.

Report for Personal Counselling

The Department of Electronics and Communication Engineering arranged Personal Counselling classes for students keeping in view the circumstances faced by each student. The circumstances of students were identified by the department and accordingly counselling was provided to them.

The response of the counselling was seen to be very good and students were strengthened to overcome such issues. The issues included personal, academic and financial problems faced by students. Eighty Five students participated in the academic year 2017-18.

Attached with this report is the list of students who have taken the counselling.

Personal Counselling Report

(2017-18)

The department of Computer Science and Engineering has successfully provided the **Personal Counselling** during the year, 2017-18, on different aspects of day-to-day life, in which 90 students of CSE participated. The various sessions were conducted by Mr. Khalil Ahmed, Mr. Amit Dogra, Mr. Taseem Nazir, Mrs. Jasleen Kour, Mr. Prabal Verma, Mr. Sparsh Sharma, Mrs. Rukhsana Thakur, internal faculties of the department. The purpose of the counselling is to aware the students related to important aspects like, drug addiction, social responsibilities, women empowerment, child labour, health and hygiene, secularism, and future career. The faculties encourage environmental changes in student's community that promote recovery such as reducing the number of alcoholic beverages and holding alcohol-free recreational events. Moreover, faculties also emphasis on social responsibilities of students in building nation. Social and cultural factors play an important role in initiation, maintenance and therapeutic intervention of drug-abuse. In addition to that, student career guidance with the help of professionals can help them to target right career path. The students really appreciated the guidance provided by the different faculties of the department in improving their way of thinking and vision related to their future.

EVENT REPORT: Personal Counselling Sessions on 10/June/2018

Personal counselling helps individuals to better understand the specific concern they are experiencing, identify their strengths and to determine the directions they need to take in order to address the concern. With this goal department of Information Technology and Engineering held a personal counselling session for all students of the department.

The Sessions coordinated by on 10/June/2018 on Mr. Rakesh Singh Sambyal. The event started 12:00 noon with talk on how to deal with personal issues in day to day life by Mr. Malik Mubasher Hassan. After that student consulted various faculties of the department for personal sessions.

The common issues discussed by students were Anger, depression/depressed mood, anxiety, self-esteem and/or identity, stress, transition, past emotional problems, balancing professional and personal priorities and homesickness, family issues, attention and concentration difficulties, disordered eating habits, physical health issues, acute concern on behalf of another student

Seventy (70) students participated in the personal session during the event.

Personal Counseling Report: 2017-18 Academic Year

Teachers have multiple roles to perform nowadays. To fulfil their roles professionally, teachers need to be competent in their responsibilities towards their students inside and outside the classroom. One important teacher role inside and outside the classroom is to provide guidance and counselling to students. Personal counseling provides an opportunity to explore your concerns in a supportive and non-judgmental environment.

Apart from subject teaching, teachers are entrusted with many responsibilities nowadays. Guidance and counseling are some of their major duties. In the guidance and counseling literature, these two words generally take on different meanings. The former refers to helping students' whole-person development, while the latter is frequently targeted at helping students with problems.

The goal of counseling is to enable the individual to make critical decisions regarding alternative courses of action without outside influence. Counseling helps individuals obtain information, and to clarify emotional concerns that may interfere with or be related to the decisions involved.

In general, the goal of psychotherapy is to talk through mental health concerns and help clients heal, grow and move toward more productive, psychologically healthy lives. Skills of warmth, friendliness, openness and empathy are ingredients of successful counseling process. Counselor has to listen attentively, answer question objectively and reinforce important information. Maintaining dignity of individual as individual is primary concern in counseling.

Some photograph of the personal counselling is shown in fig no. 1 & 2

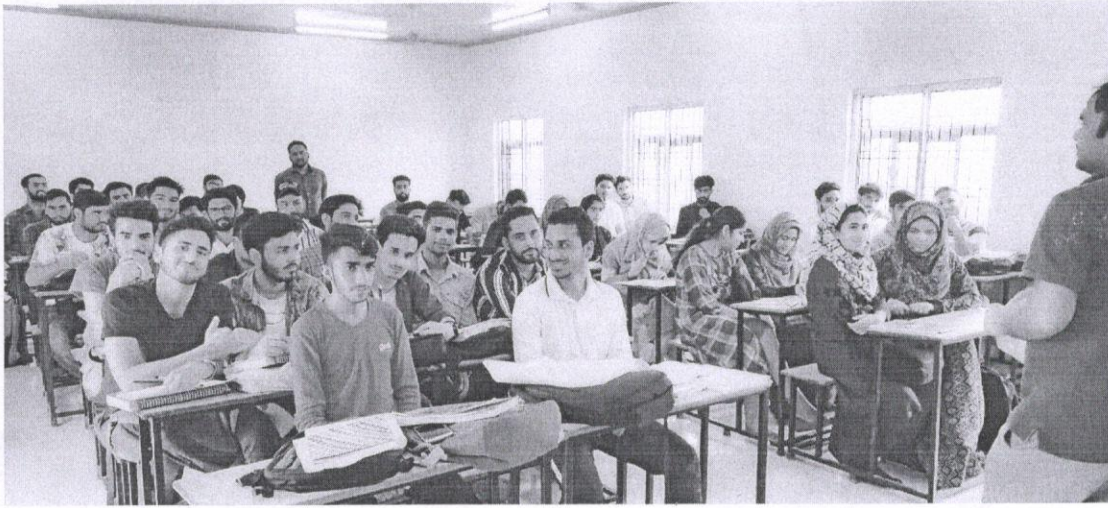

Fig No1. Date 22nd August 2017, Photograph of Counselling at SOET, BGSBU.

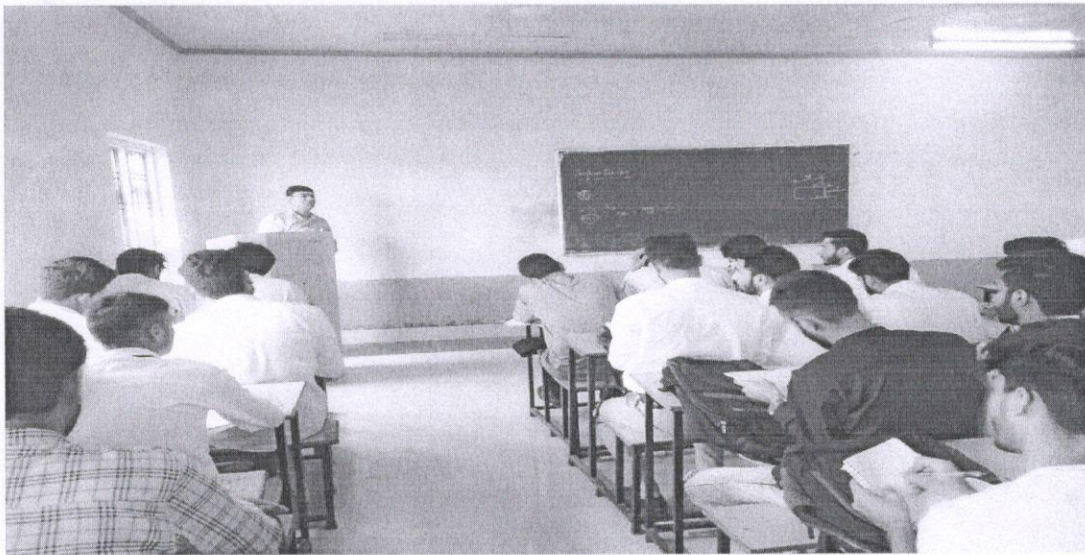

Fig No2. Date 25th October 2017, during interaction time with students.

The Civil Engineering department of School of Engineering & Technology, BGSB University is always aware of the students' issues. Caring of students problems, making mentally strong for future endeavours are equally emphasized with the academics. Students undergoes a three week Induction Program at the beginning of their course, so that they can easily adjust with the BGSBU community and its environment. A faculty and a senior student is engaged as mentor for every 20 students at their first year though an overall counselor is engaged for a batch. Mr. **Mr. Vaseem Ahmad Shehnaz** has taken the charge of counselor for the academic year 2017-18. The 80 students have been identified for special attention in this year. We provide personal counseling for individuals or couples to help with problems such as:

- Motivation
- Homesickness
- Depression & Sadness.

WJ

- Topics & Themes.
- Eating Disorder Treatment
 - Loneliness and isolation
 - Addictive behaviors
 - Sexuality and sexual identity

The overall aim is to provide an opportunity to work towards living more satisfyingly and resourcefully. Counseling is the skilled and principled use of relationship to facilitate self- knowledge, emotional acceptance and growth and the optimal development of personal resources.

The Dean SoET,
BGSB University,
Rajouri,

Sub: - Report of personnel Counseling

Respected Sir,

During odd semester (session 2017-18) Faculty members of ERE department have analyzed the response of students in classrooms while delivering lectures and results of internal assessments tests being conducted during the current semester courses and also have identified the students who require special attention for enhancing their personality, tackling personal issues and improving academic performances. After completion of identification process different faculty members were allotted to different group of students who would provide personal counselling to these students.

List of students along with allotted faculty member against Personal Counseling:

Sessions were organized by faculty members for these students where they provided extra notes to the weak students. In these sessions faculty members provided personnel counseling and gave motivational lectures students. A change in self-confidence and attitude of the students attending those sessions was observed in the subsequent lectures. A significant improvement in curricular and extracurricular activity of the students was a direct result of these sessions.
