Vice Chancellor's Message

The university has just completed the first decade of its existence and stepped into the next. It is therefore, an occasion to look back and see how far we have come and how the journey was all these years. Like any other our journey too had many rough and uneven patches. We negotiated them with resolve and confidence and continued the march with great degree of determination. We started with 4 teaching Departments and total strength of 92 students. Over the years the number of postgraduate programmes has swollen to 15 and the student enrolment has touched 2,000. The university also has the College of Engineering, Polytechnic and Centre for Biodiversity Studies.

More than all this the decade has witnessed birth and growth of vibrant research groups in all Schools with young men and women busy in path- breaking creative works. The research pursuits of the university are liberally funded by different agencies of the Govt. of India.

All this is attestation of the fact that the ten years journey has put us on the right track. Should we continue to work with the same unwavering conviction with which we worked hitherto and keep excellence as our goal the university will attain greater heights as we grow and expand.

Despite the initial short comings and limitations our alumni have done us proud by securing placements in prestigious organizations throughout the country. With the quality and range of facilities having improved over the years those who join the university now can attain new horizons.

I feel happy in releasing the 11th Admission Prospectus and inviting ignited young boys and girls to join us in making the university a lighthouse of knowledge.

I. A. Hamal

Vision

“Steady onward march for human development through science and technology on one hand and our national ethos on the other hand.”

Mission

“Work towards preparing men and women who are intellectual adventurers and not camp followers; who are architects of the future and not the curators of the past”
